

GREGORY'S ROADHOUSE GRILL

The story begins in 1989 when Gregory's Steakhouse was established as a roadhouse-themed restaurant specializing in award-winning steaks, most notable of which was the 120-ounce ribeye. Longtime Valley residents will recall the bright glow of neons in the windows, the vintage tin-enameled signs and the unmistakable roadhouse feel that made Gregory's a landmark dining destination. Gregory's Roadhouse Grill continues that tradition, incorporating contemporary roadhouse appeal with inviting steakhouse décor that allows our guests to feel comfortable when enjoying their meal.

Our food is always prepared fresh from time-honored recipes that have been perfected over the years. Most everything on our menu is scratch-made, featuring passionately prepared entrees and specials made from fresh, quality ingredients from local and regional sources.

Our Steaks are legendary, but we're not just steaks. Try our slow cooked St. Louis-style Ribs for the best in flavor and fall-off-the-bone tenderness or chicken entrees made from all-natural, antibiotic-free farm-raised hens. And it doesn't get any fresher than our Signature Salads—we use only the freshest ingredients, utilizing local seasonal selections when available. Certainly, no one can say no to our desserts, especially our Salted Caramel Cheesecake—an absolutely mouth-watering combination of salt and sweet. Mosey up to the bar and have an Ice Cold Beer from our large selection or unwind at Happy Hour with one of our Signature Cocktails made with house-infused vodkas. Of course, we still offer the colossal 120-ounce Ribeye for daring individuals or as a family-style meal for a memorable dining experience.

Much has changed since the restaurant's founding but we're still true to our roadhouse roots. The same spirit of exceptional hospitality and dedication to culinary excellence that made Gregory's a Lehigh Valley favorite all these years is alive and well today. We invite you to come experience the difference.
